
Official Profile

Malaysia's An Honest Mistake has been nothing short of impressive ever since their debut in 2008. The band, headed up by organizer, lecturer, and musician, Darren Teh, may have seen quite a number of personnel changes ever since their inception, but their penchant for creating catchy earworms has remained the same - in fact, it's evolved. The band has also recently been signed to major label, **Universal Music Malaysia** and will be releasing new material.

And no wonder. After three albums, countless tours including several trips to Thailand, Singapore, Indonesia and the Philippines, the band has matured to create a multi-faceted sound that can range from summery easycore to emotional ballads, and the odd pulse-pounding screamo song or two.

They've shared the stage with renowned international acts like Boys Like Girls, Motion City Soundtrack, and Against The Current to name a few, and the band shows no signs of stopping anytime soon. With more material on the way that's sure to reflect their ability to go between full-on rock, relaxed acoustic music, and heavy hardcore--influenced tunes, it's a mistake not to catch the lads of An Honest Mistake whenever they're in a town near you.

Band Particulars

An Honest Mistake started off in January 2008 as a solo outfit. It was then formed as a band in March 2008.
